

Notice of Proposed No Further Action

for

MCDPW Willits Road Yard
751 Hearst Willits Road
Willits, California

Case Number 1TMC107

Mendocino County

Notice Posting Date: May 16, 2022

End of Comment Period: July 15, 2022

A soil and groundwater investigation was conducted at the above-referenced site and a release of petroleum hydrocarbons was documented. Although some contamination remains, this site meets the conditions for closure under the State Water Resources Control Board's "Low-Threat Underground Storage Tank Case Closure Policy." Regional Water Board staff proposes that no further work be required. The purpose of this notice is to inform interested parties, including owners of nearby land, that the case is being considered for closure, and to invite public comment on this proposed decision.

Problem Description

A previous underground storage tank fuel system, removed in the 1997, released gasoline to soil and groundwater at this site. Soil and groundwater at and around the site have been investigated. Groundwater monitoring at the site has shown contamination in groundwater in the immediate vicinity of the site, but the contamination is no longer spreading. One domestic supply well is located on site to fill water trucks and has not been impacted by this contamination.

Proposed Action

Case closure is proposed. This site meets the conditions for closure under the State Water Resources Control Board's "[Low-Threat Underground Storage Tank Case Closure Policy](#)."

Unless significant comments are received or new information is presented regarding this site, Regional Water Board staff plans to proceed with the closure process upon conclusion of the comment period. Please contact staff name at (707) 576-2703 or Julie.Duong@waterboards.ca.gov with any questions or comments. Written comments may also be submitted to:

North Coast Regional Water Quality Control Board

Regional Water Board site records comprise both a paper file and an electronic file. Beginning in 2005, select file material was uploaded to the State Water Resources Control Board's GeoTracker website and not necessarily included in the paper file. All new file material after 2014 is retained only electronically. [The GeoTracker records](#) are available at http://geotracker.waterboards.ca.gov/profile_report.asp?global_id=T0604500093.

The paper file ("Site Name", Case No. 1TMC107 may be reviewed at the North Coast Regional Water Quality Control Board office from 8:00 a.m. to 5:00 p.m. Monday through Friday. Appointments are recommended and can be arranged by calling (707) 576-2220.
